weight / piece	1,2kg
housing	ABS
colour	white / black / quartz
extra	wall-bracket inclusive

# UNI30

This loudspeaker is a real bestseller in various countries, thanks to its neutral design and its strong bass reflex housing. It generates great performance output as a result, in spite of its compact dimensions. This loudspeaker may be used in a kitchen, tavern and even an industrial warehouse.

① This specially designed bracket is multi-functional and allows a quick mounting. Thanks to the ball and socket joint, you can align it in any direction you like, even horizontally.

② The plug-in screw adaptor greatly simplifies the way the speaker cable is connected.

You'll find the UNI30 at Starbucks, at railway stations but also in a variety of stores. You might even find it in your neighbour's kitchen.
